

# ICCCI2028

4th-7th July, 2028  
Fujikyū Highland  
Highland Resort Hotel & Spa  
Fujiyoshida, Japan

***SAVE THE DATE***

The 9th International Conference on the Characterization and Control of Interfaces for High Quality Advanced Materials (ICCCI2028) will be held in Fujiyoshida, Japan, which is very close to Mt. Fuji: the World Cultural Heritage, from 4th to 7th July, 2028. This conference has successfully taken place every 3 or 4 years. It is intended to provide a forum to present the most recent developments in scientific research and application of interface characterization and control to design and manufacture high quality advanced materials. Additionally, an industrial exhibition by multinational corporations will complement the technical sessions.
